

Polish Language(s) and Digital Humanities Using R

G. Moroz

Contents

1	Prerequisites	1
2	Introduction to R	3
3	Data manipulation: <code>dplyr</code>	5
4	Data visualisation: <code>ggplot2</code>	7
5	Strings manipulation: <code>stringr</code>	9
6	Text manipulation: <code>gutenbergr</code> , <code>tidytext</code> , <code>udpipe</code>	11
7	Stylometric analysis: <code>stylo</code>	13

Chapter 1

Prerequisites

I expect everybody to install R and Rstudio, following the instructions:

...

Chapter 2

Introduction to R

Chapter 3

Data manipulation: dplyr

Chapter 4

Data visualisation: ggplot2

Chapter 5

Strings manipulation: `stringr`

Chapter 6

Text manipulation:
gutenbergr, tidytext,
udpipe

Chapter 7

Stylometric analysis: `stylo`
